

JOHN EHIABHI OBOZE

Data Analyst | Business Intelligence | Turning Data into Actionable Decisions

✉ obozejohn@gmail.com | 📞 +234 706 202 2778 | 📍 Lagos, Nigeria | 🔗 [linkedin.com/in/ehiabhi-john-oboze59189a123](https://www.linkedin.com/in/ehiabhi-john-oboze59189a123) Portfolio: <https://john8808.github.io/Data-Analytics-Portfolio/>

PROFESSIONAL SUMMARY

Results-driven Data Analyst with 8+ years of progressive experience extracting, analyzing, and interpreting high-volume datasets to generate insights that drive informed business decisions. Proficient in Power BI, Advanced Excel, and SQL, with a strong track record of designing executive-grade dashboards, identifying trends and anomalies, and translating complex data into clear reports for non-technical stakeholders. Adept at building efficient data processes, responding to data-related queries, and presenting data-led recommendations to management. Currently seconded to MTN Nigeria, where analytical work has improved SIM registration accuracy by 25% and lifted team SLA performance from 35% to 83%.

CORE COMPETENCIES

Data Extraction & Analysis SQL querying, Power Query, CLM/DCLM platforms	Trend & Pattern Identification Statistical analysis, anomaly detection, data profiling
Dashboard & Report Design Power BI, Advanced Excel pivot tables, KPI dashboards	Data Quality & Governance Data cleaning, modelling, validation & quality assurance
Stakeholder Communication Presenting data findings to clients and senior management	Process Improvement Designing efficient data workflows and reporting systems
Customer Data Analytics Customer lifecycle analysis, behavior tracking, retention	Business Intelligence (BI) Insight generation, forecasting, business performance reporting

PROFESSIONAL EXPERIENCE

Data Analytics Team Lead | *Avetium Outsourcing Arms — Seconded to MTN Nigeria, Ikeja, Lagos* **Sept 2023 – Present**

- Extract, scrutinize, and validate high-volume customer datasets using specialist tools (CLM/DCLM platforms and Power BI), ensuring zero-tolerance data quality standards across SIM registration operations.
- Extract data from primary and secondary sources, identify errors, remove corrupt data, and ensure data integrity for analysis.
- Design and maintain executive KPI dashboards in Power BI that surface real-time performance trends, patterns, and anomalies for senior stakeholders and regional management.
- Analyze data to identify irregularities, escalate risk cases, and present findings with actionable recommendations, directly reducing rejected records and escalation rates.
- Set up and continuously improve data processes and reporting systems, cutting SIM registration turnaround time and boosting team efficiency across 50+ analysts.
- Respond to data-related queries from cross-functional units, maintaining a query tracker and delivering timely, evidence-based answers that support business decisions.
- Produce standardized reports and performance charts that communicate data trends to non-specialist audiences, including field agents and regional management teams.
- Implemented a data quality control framework that improved SIM registration data accuracy by **25%**, minimizing regulatory risk and compliance failures for MTN Nigeria.

- ▶ Research and pilot new methods for leveraging customer data, contributing to process innovations that improved onboarding outcomes and customer acquisition efficiency.
- ▶ Managed and processed monthly payroll data reporting for the team with precision, ensuring accuracy and on-time delivery.
- ▶ Build intuitive data dashboards, charts, and graphs using Power BI tools.
- ▶ Perform statistical analysis to discover correlations, trends, and anomalies.

Customer Data Analyst — SIM Registration | *Mactay Consulting firm — Seconded to MTN Nigeria, Ikeja, Lagos* **Aug 2018 – Sept 2023**

- ▶ Reviewed and verified customer identity documentation for SIM card registration to ensure strict adherence to NCC standards.
- ▶ Analyzed customer database records to detect inconsistencies, data irregularities, and risk patterns, escalating findings to the compliance unit with documented evidence.
- ▶ Identified and resolved duplicate, inconsistent, and potentially fraudulent customer records.
- ▶ Analyzed customer acquisition trends and data irregularities, escalating issues to compliance units.
- ▶ Played a key role in the reduction of rejected SIM registration data through real-time data correction and agent feedback.
- ▶ Analyzed and validated customer database entries using CLM & DCLM (Customer Lifecycle Management & Digital Customer Lifecycle Management) software.
- ▶ Conducted identity verification of all SIM card activations and maintained data accuracy.
- ▶ Provided key data analysis and reporting to improve customer service processes and outcomes.
- ▶ Managed multitask responsibilities, ensuring high-quality service delivery across various channels.
- ▶ Developed and maintained a knowledge base of evolving customer service best practices.
- ▶ Contributed to internal compliance reporting and maintained accurate records of verification outcomes.

Sales Analyst | *TNS RMS Nigeria Limited, Ojodu, Lagos* **May 2016 – June 2018**

- ▶ Extracted and analyzed sales performance data using Excel and Power BI to identify revenue trends, growth opportunities, and underperforming product segments.
- ▶ Produced daily, weekly, and monthly management reports with charts and visualizations, communicating key data trends to non-specialist stakeholders for informed business planning.
- ▶ Built interactive Power BI dashboards to track KPIs, sales targets, and team productivity, providing management with a real-time view of performance metrics.
- ▶ Conducted customer behavior and retention analysis, translating findings into actionable recommendations presented to the sales and marketing teams.
- ▶ Maintained rigorous data accuracy and integrity across all reporting deliverables, establishing standardized processes to make data handling more efficient.

KEY ACHIEVEMENTS

-
- ▶ Successfully led a team or elevated team SLA achievement from **35%** to **83%** increase in team productivity through structured data-driven performance management and driving a **15%** uplift in customer satisfaction scores.
 - ▶ Built a Power BI agent performance dashboard that identified high-performing patterns across the team, increasing overall productivity by **20%**.
 - ▶ Designed and deployed a data quality control framework that reduced SIM registration inaccuracies by **25%**, directly minimizing regulatory risk for MTN Nigeria.
 - ▶ Conducted customer data analysis that contributed to a **10%** increase in customer retention for MTN Nigeria.
 - ▶ Consistently achieved a **95%+** customer satisfaction rating over three consecutive years, exceeding service delivery benchmarks through reliable data reporting.
 - ▶ Created a structured team training programme that improved issue resolution efficiency by **15%** and reduced average handling time across the analytical unit.

TECHNICAL SKILLS

Analytics & BI Tools Microsoft Power BI, Advanced Excel (Pivot Tables, Power Query, Dashboards), Data Visualizations	Data Management Data Cleaning, Modelling, Quality Assurance, Governance & Validation
Querying & Platforms SQL & Data Querying, CLM & DCLM Platforms, CRM Systems	Reporting & Presentation KPI Reporting, Executive Dashboards, Business Data Presentation
Productivity Suite Microsoft Office (Excel, Word, PowerPoint), Google Workspace (Sheets, Docs)	Domain Knowledge Telecommunications Data Operations, Customer Lifecycle Analytics, NCC Compliance

EDUCATION

Higher National Diploma (HND) — Agricultural & Bio-Environmental Engineering Technology

Federal Polytechnic Auchi, Edo State | 2014 | Upper Credit: 3.04

National Diploma (ND) — Agricultural Engineering

Federal Polytechnic Auchi, Edo State | 2011 | Lower Credit: 2.78

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- Certified Data Analyst — 2025
- Effective Communication — 2024
- Telecommunications Operations — 2023
- Customer Service Certification — 2020
- HACCP Certification — 2019
- Leadership & Team Management — 2024
- Data Analysis & Reporting — 2023
- Customer Service Excellence — 2022
- SIM Swap Certification — 2020
- HSE Level 1 & 2 Certification — 2016
